

## Upcoming Shows & Events

### Where can you meet up with DCCconcepts?

Whilst being in Settle is idyllic - what with the frequent passing of mainline steam, the green rolling hills and the complete lack of traffic jams... ..it may not be convenient for you to come and visit us.

So - we take our stand, together with our sales and technical staff to a variety of events around the UK. We hope to be able to extend this to Europe in the very near future - so watch this space!

At these shows and events, you can meet the team, receive advice and make purchases from our wide range of model railway accessories and essentials.

### 2020 Shows and Events

Here's what we have in our calendar for 2020 - take a look to see if we will be coming to a town near you! See our Alpha Meter, Zen Black and Zen Shuttle in operation and meet the team!
