

Alpha Switch I On/Off Switch For Warning & Resetting An Intelligent Circuit Breaker

Intelligent DCC Circuit Breaker DCD-iPCB.1

The LED will flash if there is a short on the output of the circuit breaker. Press the button to reset the circuit breaker.

Alpha Switch-i Red/Green - 6 Pack
DCD-ASi-RG.6

The colour of the LED will depend on the way the LED connections are connected to the circuit breaker. If it the wrong colour swap the connection around.
